

Iowa, The Rivers of Her Valleys 4.0 - Homework #1, 20 points

1. Identify/Name your current local watershed; try to figure this out by yourself first, but if you are stuck ask me for help. Write a paragraph about your personal connections to this watershed... (5 points)
2. The big picture question from Session 2... How do Iowan's view our streams and rivers, today? Based on your personal observations... Write a paragraph that addresses this big picture question with evidence/justification if possible. (5 points)
3. Identify/Name your closest river. What landform region does it flow? Using your textbook and our online sessions, write a two-page summary of the landform region's geologic characteristics emphasizing how these characteristics affect the way water moves across the region's surface. (10 points)
